

7A

Health and Safety General Standards

Our setting believes that the health and safety of children is of paramount importance. We make our setting a safe and healthy place for children, parents, staff and volunteers

We aim to make children, parents, staff and volunteers aware of health and safety issues and to minimise hazards and risks to enable the children to thrive in a healthy and safe environment, our members of staff responsible for health and safety are Nikki Moss and Lisa Hunt

- They are competent to carry out these responsibilities
- They have undertaken health and safety training and regularly updates their knowledge and understanding
- We display the necessary health and safety poster in: the main play group as well as the staff office

Insurance cover

We have public liability insurance and employers' liability insurance. The certificate of public liability insurance is displayed in the main play group as well as the staff office.

Procedures:

Awareness raising

- Our induction training for staff and volunteers includes a clear explanation of health and safety issues, so that all adults are able to adhere to our policy and procedures as they understand their shared responsibility for health and safety. The induction training covers matters of employee wellbeing, including safe lifting and the storage of potentially dangerous substances
- Records are kept of these induction training sessions and new staff and volunteers are asked to sign the records to confirm that they have taken part
- Health and safety issues are explained to parents of new children, so that they understand the part played by these issues in the daily life of the preschool
- As necessary, health and safety training is included in the annual training plans of staff, and health and safety is discussed regularly at staff meetings
- We operate a no smoking policy
- Children are made aware of health and safety through discussions, planned activities and routines

7A

Safety of adults

- Adults are provided with guidance about the safe storage, movement, lifting and erection of large pieces of equipment
- When adults need to reach up to store equipment or to change light bulbs, they are provided with safe equipment to do so safely
- All warning signs are clear and in appropriate languages
- Adults do not remain in the building on their own or leave on their own after dark
- The sickness of staff and their involvement in accidents is recorded. The records are reviewed termly to identify any issues that need to be addressed
- We keep a record of all substances that may be hazardous to health – such as cleaning chemicals, or gardening chemicals if used. This states what the risks are and what to do if they have contact with eyes or skin or are ingested. It also states where they should be stored
- We keep all cleaning chemicals in their original containers

Windows

- Low level windows are made from materials that prevent accidental breakage or are made safe
- Windows are protected from accidental breakage or vandalism from people outside the building
- Windows above ground floor are secured so that children cannot climb through them

Doors

- We take precautions to prevent children's fingers from being trapped in doors

Floors

- All floor surfaces are checked daily to ensure they are clean and not uneven, wet or damaged

Electrical/gas equipment

- All electrical/gas equipment conforms to safety requirements and is checked regularly
- Our boiler/electrical switch gear/meter cupboard is not accessible to children
- Heaters, electrical sockets, wires and leads are properly guarded and the children are taught not to touch them

7A

- There are sufficient sockets to prevent overloading
- The temperature of hot water is controlled to prevent scalds
- Lighting and ventilation is adequate in all areas including storage areas

Storage

- All resources and materials, which are used by the children, are stored safely
- All equipment and resources are stored or stacked safely to prevent them accidentally falling or collapsing

Outside area

- Our outdoor area is securely fenced
- Our outdoor area is checked for safety and cleared of rubbish before it is used
- Adults and children are alerted to the dangers of poisonous plants, herbicides and pesticides
- Where water can form a pool on equipment, it is emptied before children start playing outside
- Our outdoor sand pit is covered when not in use and is cleaned regularly
- All outdoor activities are supervised at all times

Hygiene

- We refer to information from the Health Protection Agency to ensure that we keep up to date with the latest recommendations
- Our daily routines encourage the children to learn about personal hygiene
- We have a daily cleaning routine for the setting, which includes the play room, kitchen, rest area, toilets and nappy changing area
- We have a schedule for cleaning resources and equipment, dressing up clothes and furnishings
- The toilet area has a high standard of hygiene, including hand washing and drying facilities and disposal facilities for nappies
- We implement good hygiene practices by:
 - Cleaning tables between activities
 - Cleaning and checking toilets regularly
 - Wearing protective clothing such as aprons and disposable gloves where appropriate

7A

- Providing sets of clean clothes
- Providing tissues and wipes
- Ensuring individual use of towels

Activities and resources

- Before purchase or loan, equipment and resources are checked to ensure that they are safe for the ages and stages of the children currently attending the preschool
- The layout of play equipment allows adults and children to move safely and freely between activities
- All equipment is regularly checked for cleanliness and safety, and any dangerous items are repaired or discarded
- All materials, including paint and glue, are non-toxic
- Sand is clean and suitable for children's play
- Physical play is constantly supervised
- Children are taught to handle and store tools safely
- Children who are sleeping are checked regularly
- Children learn about health, safety and personal hygiene through the activities we provide and the routines we follow
- Any faulty equipment is removed from use and repaired. If it cannot be repaired it is discarded
- Large pieces of equipment are discarded only with the consent of the preschool leader

Legal framework

- **Health and Safety at Work Act (1974)**
- **Management of Health and Safety At Work Regulations (1999)**
- **Electricity at Work Regulations (1989)**
- **Control Substances Hazardous to Health Regulations (COSHH) (2002)**
- **Manual Handling Operations Regulations (1992 (As amended 2004))**
- **Health and Safety (Display Screen Equipment) Regulations (1992)**
- **The Health and Safety (First Aid) regulations (1981)**
- **Personal Protective Equipment (PPE) at Work regulations 1992**
